

Hein Htet Aung *Aspiring Data Analyst*

✉ heinhтет.a67@rsu.ac.th ☎ 0654462833 📍 Bangkok, Thailand

🇇🇲 Myanmar 🏹 Male

Education

Bachelor of Computer Science (B.C.Sc.)

University of Computer Studies, Mandalay (UCSM), Mandalay, Myanmar Attended: 2017 – 2020 (*Incomplete*)

2017 – 2020

Mandalay, Myanmar

- Relevant Coursework: Software Development Fundamentals, Calculus, Digital Logic, Information Management, Operating Systems, Computer Architecture

Bachelor of Science in Information and Communications Technology (ICT)

Rangsit University

Third Year (Expected Graduation: 2027)

04/2024 – tba

Bangkok, Thailand

- Relevant Coursework: Data Structures, Algorithms, Statistics, Database Management, Programming in Python and R

Skills

Programming Languages

- Python, R, C#, C
- Data Analysis & Statistics: SQL, Pandas, NumPy, Statistical Modeling
- Databases: MySQL, PostgreSQL, MongoDB

Professional Experience

Proficient in Python, R, Tableau, C#, and C through academic projects and self-study. Eager to apply analytical skills to real-world data challenges, with a focus on extracting insights from datasets to support decision-making. Seeking an entry-level Data Analyst role to gain practical experience and contribute to data-driven initiatives.

Projects

Predictive Modeling Assignment

University Coursework, 2024

09/2024 – 12/2024

- Built predictive models in R to forecast student performance based on academic datasets, applying regression techniques and achieving high accuracy in simulations.
- Utilized Python for data preprocessing and visualization with Tableau, creating reports that highlighted correlations and insights.
